OBJECTIVE

A passionate and adaptable software engineer eager to leverage my problem-solving skills and ability to learn and work with cutting-edge technologies. I am committed to building high-quality software solutions while continuously expanding my technical expertise and contributing effectively to innovative projects.

WORK EXPERIENCE

► SEAMFIX, Lagos (June 2024 - Present)

Position: Software Engineer Intern

Job Description:

- Developed and maintained frontend features using Angular
- Built scalable backend services using NestJS
- Integrated RESTful APIs to enhance application functionality
- Collaborated with the engineering team to debug and optimize application performance
- Participated in daily standups and sprint planning sessions

► MOAT ACADEMY, Ikeja, Lagos (Feb 2024 - May 2024)

Position: Software Engineer Intern

Job Description:

- Built responsive user-friendly interfaces using HTML, CSS, and JavaScript
- Developed RESTful APIs to serve data to dynamic front-end applications
- Designed and set up SQL databases for data persistence
- Debugged code issues and troubleshoot deployment problems

► ITAPP Ltd, Warri, Delta State (January 2023 - Date)

Position: Product Management Associate

Job Description:

- Participated in software requirement gathering
- Conducted project task breakdown and scheduling with engineers
- Delegated tasks to software engineers
- Participated in project reviews and daily standups
- Shared reports on project delivery status with Engineering Leadership

► **Linkedorion Technology**, Warri, Delta State (April 2021 - September 2021)

Position: Frontend Engineering Intern

Job Description: • Created user-friendly websites • Taught frontend development to new interns
